Note: Photograph CA-236-D-12 is an 8" x 10" enlargement from a 4" x 5" copy negative of a recent 8.5" x 11" photomechanical transfer. The transfer was created from a 105 mm microfilm held in the architectural drawings archive at the facilities engineering office, Air Force Rocket Propulsion Laboratory, Edwards Air Force Base, California. The original source drawing was not available for off-site archival copy work. This drawing was made by the Ralph M. Parsons Company, 617 South Olive Street, Los Angeles, California, for the Air Force Flight Test Center, Edwards Air Force Base, California. The drawing headers in the title block are "Experimental Rocket Engine Test Station, Test Facility 1-A." followed by the specific title given below. The drawing was approved for Headquarters, AFFTC on 10 February 1955.
